

Key Points

- Idea: develop **FitBuddy – AI Fitness Plan Generator using Gemini Models**.
- The application is designed to generate **personalized workout plans and nutrition/recovery tips**.
- Main fitness goals mentioned:
 - Weight loss
 - Muscle gain
 - General wellness
- User provides:
 - Name
 - Age
 - Weight
 - Fitness goal
 - Workout intensity
- AI generates a **customized 7-day workout plan**.
- Users can give feedback and ask the AI to modify their existing plan.
- An admin/coach can view registered users and their plans.

Main Idea

User Input → Gemini AI → Personalized Workout Plan + Nutrition Tip → Feedback → Updated Plan
