

The PDF demonstrates the application through its major web pages.

1. Home Page

User enters:

Name

User ID

Age

Weight

Fitness Goal

Workout Intensity

Then clicks Generate Plan.

2. Personalized Workout Page

Displays:

- User information
- 7-day workout plan
- Exercise names
- Sets/repetitions or duration
- Rest intervals
- Warm-up
- Cool-down/recovery guidance

3. Nutrition Tip

Displays goal-related nutrition/recovery advice, such as protein recommendations.

4. Feedback Page

User provides:

- User ID
- Feedback about the current plan

The system processes the feedback and generates an updated plan.

5. View All Users Page

Admin can see:

- **User details**
- **Fitness goals**
- **Original plan**
- **Updated plan**
